

Description:

Request that the City Auditor conduct a performance audit three years after implementation.

Amendment language: Add the following new Section 20, and renumber subsequent sections.

Section 20. Performance Audit. The City Auditor is requested to conduct a performance audit of the MID's services about three years after implementation, with a particular focus on services provided in the Belltown area that was not part of the 2004 DBIA. A primary goal is to assess whether the Belltown area has received the general types and levels (or frequencies) of services as described in the MID Business Plan as of April 28, 2013 (Exhibit B).
